*The future is **NOT** 10,000 new buildings or an empty business park.*

*The future **IS** with 'aviation related business' including aircraft engineering and freight transportation. RiverOak can, and still want to provide this. They have invested 1.3 million in to this project so far and have placed the sum of \$2 million in a UK solicitors account, yet TDC under Officer advice, questionably deem them to be an unviable CPO partner! We know they are viable and will continue to support them. We will do what it takes to see Manston Airport operational again.*

SMA WILL NOT GO AWAY. RIVEROAK HAVE NOT GONE AWAY.

WE WILL NOT FAIL. TOGETHER WE WILL SAVE MANSTON AIRPORT.

RAF MANSTON'S MOTTO WAS 'ARISE & PROTECT'.

IT IS NOW OUR TIME TO 'ARISE & PROTECT' MANSTON AIRPORT.

ARISE & PROTECT AND NEVER SURRENDER.
